# Welcome to the Latest edition of the Club Shop Parts and Accessories catalogue.

Due to the current financial climate and suppliers struggling to hold prices due to the increase of materials & parts to them, we are finding it impossible to keep up with the Price increases imposed. So we have decided **NOT to put Prices in this catalogue** and will endeavour to keep updating prices on the **Club Shop Website - [www.tssc.org.uk](http://www.tssc.org.uk)**. Please remember to keep an eye on the Courier Magazine for announcements of the **monthly special offers**. If you need any advice or assistance before purchasing any item we stock or want to enquire to see if we can get certain items for you, please feel free to call the Club Shop during office hours 9.00am to 5.00 pm Monday to Thursday. It is a great help if you have your membership number to hand when you call so we can get your details easily. Please remember that if your Triumph isn't listed anywhere through this catalogue then **Please Enquire** as we can usually supply those parts too!

## Help us to Help you

**If on delivery of your order there is a problem or damage evident, please call the shop  
as soon as you can to alert us of the problem,  
or send an email if you are not able to call during the week.**

**Remember to use the shop email [clubshop@tssc.org.uk](mailto:clubshop@tssc.org.uk)  
rather than the general enquiry email address.**

**If there is a fault with one of the items and you need to return the item,  
PLEASE send it back with**

**a) a covering letter, and b) a copy of the receipt.**

**Some items we sell are covered by an extended or lifetime warranty, for example the Bell exhausts,  
however it is up to Bell at their discretion upon examining the faulty item to either repair  
OR replace, so until we have their decision, we can't automatically supply a new replacement,  
as if they manage to repair the item we are left with a used exhaust we can't sell.**

**If you are sending an item back for a refund and you paid with a credit card, we do not keep your  
card details, so we will need details of the card to refund to.**

## Gearbox Tunnel Covers

Replace your old tatty cardboard cover with a new polythene cover, these are pre drilled and are ready to fit. These are much better than the fibreglass ones that are available it is also a good idea to have sound deadening and heat proofing added to them before fitting.

**709862SAP** GT6 Polythene tunnel cover  
**708505SAP** Herald Polythene tunnel cover  
**XKC1673SAP** Spitfire Polythene tunnel cover

P & P 5kg

## Gearbox Tunnel Seal Kit

Kit contains the following:-

Hex head screw (12)  
Washer (12)  
Keyhole plate (12)  
Self adhesive tunnel seal

**Note** that the keyhole washers are the correct part unlike some offerings, which are just stamped out bits of steel strip. The seal supplied is self-adhesive but it is suggested that it is also stapled on to your old cover as grease and oil may be present which will affect the adhesive.

**GTSK** RRP or **£5.00 off** when ordered **with** Tunnel Cover

P&P 0.2Kg

# DRIVETRAIN

## OE SPEC Universal Joints

Fed up with  
cheap & not  
so cheerful  
UJ's?

## Reconditioned Distributors

So you have spent a lot of money on your engine rebuild, so don't forget your distributor as this can make a huge difference to the performance of your new engine. We can have your old units re-manufactured to an as new condition and if you want, converted to electronic ignition at the same time. 4 or 6 cylinder, Lucas or AC Delco, they are all priced the same

**Your distributor remanufactured with points**  
**Your distributor remanufactured with electronic ignition**  
(These come with a new coil included in the price)

Just send your old unit to the shop with your contact details and once it is ready (typically 10 days) we will send it back to you by courier.

## New Distributors

### IDEAL DELCO REPLACEMENT!

#### Tacho drive Lucas style distributors

We can now offer **brand new distributors** with a gear driven tacho take off which are ideal for Vitesse, GT6 and TR6 owners, these are available with points or with electronic ignition fitted. If you have a four cylinder car, we can also supply them to suit, so Spitfire owners need no longer have to put up with the Delco distributor. All the units come with the correct centrifugal and vacuum advance curves and vacuum module/micrometer adjuster.

# ELECTRICAL SYSTEM

## Lumenition MS4 Coils

By fitting this coil you can guarantee that it is a perfect impedance match for the Magnetronic ignition system (above) which will ensure that it works correctly and can not supply too much current to the system.

**MS4**

**LUMENITION COIL**

**£Enquire**

**P & P 0.6Kg**

## Magnetronic Ignition - Lucas

### System by Lumenition

Totally housed within the distributor cap with no separate power module, this system maintains a totally authentic look to your Triumph whilst delivering the superior spark management of a modern electronic ignition switching system.

### FEATURES

Completely contained in the distributor replacing contact breakers and condensor.

No maintenance or re-timing needed. Ever!

Contactless operation gives smoother engine running and idling

Huge improvement in cold starting

Improved fuel economy

Simple to install in around 45 minutes with no specialist tools required

## Help us to Help you

If on delivery of your order there is a problem or damage evident, please call the shop as soon as you can to alert us of the problem, or send an email if you are not able to call during the week.

Remember to use the shop email [clubshop@tssc.org.uk](mailto:clubshop@tssc.org.uk) rather than the general enquiry email address.

If there is a fault with one of the items and you need to return the item, PLEASE send it back with  
a) a covering letter, and b) a copy of the receipt.

Some items we sell are covered by an extended or lifetime warranty, for example the Bell exhausts, however it is up to Bell at their discretion upon examining the faulty item to either repair OR replace, so until we have their decision, we can't automatically supply a new replacement, as if they manage to repair the item we are left with a used exhaust we can't sell.

If you are sending an item back for a refund and you paid with a credit card, we do not keep your card details, so we will need details of the card to refund to.

## Gas Ram Boot & Bonnet Struts

Bonnet Rams for Spitfire I/II GT6 I

Spitfire IV/1500 & GT6 MkIII

Not available for GT6 MK2  
or Spitfire MK3 -

**Kit contains**  
**2 Gas Struts,**  
**Stainless Brackets**  
**fittings and fitting**  
**instructions**

P&P 1.2Kg

**GASRAMKIT**

GT6 MKIII / SPIT MKIV&1500

**GASRAMKITEARLY**

GT6 MK1 & 2 / SPITFIRE MK1 & 2

These gas bonnet stays are a superb way of assisting with the lifting of the bonnet on your Spitfire or GT6. With the conventional bonnet stay in place it ideally takes two people to lift the bonnet, otherwise due to its weight and size, it can flex and distort resulting in fractures of the paint and ultimately rust. To prevent this happening two gas filled stays are secured to each inner wheel arch and then connected to the chassis which will then enable one person to lift the bonnet easily and safely.

It will also make the bonnet more stable in its open position. The fitting kit comes complete with stainless steel fixings, and are very simple to fit utilising existing holes.

## Boot Ram for Spitfire I/II/III IV/1500 & Herald/Vitesse

The kits come with all the fittings you need, **easily fitted in minutes**

Kits available for the following fitments:-

**Spitfire MKI-III**

**Spitfire MK IV & 1500**

**Herald/Vitesse**

# ACCESSORIES - DVDs

P & P All DVDs 0.100Kg

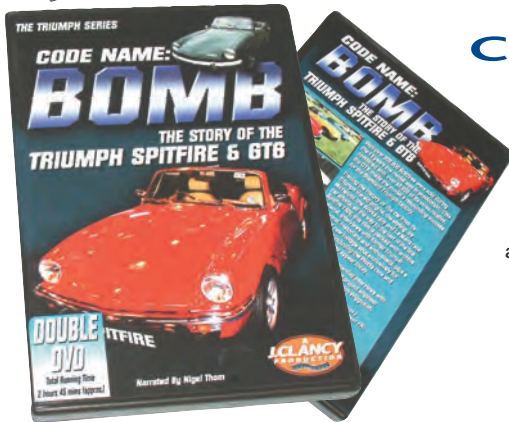

## Code Name: BOMB

Approx. running time  
80 minutes

This double disc DVD tells the story of the Triumph Spitfire, the close relative the GT6 and the models that both were derived from.

There is footage of the Le Mans and Rally exploits, along with interviews with former Triumph personnel, historians and enthusiasts.

The extras disc features extended interviews with Triumph stylists and Project engineer for the Herald, Ralph Wigginton, as well as a tour of the TSSC HQ & the TSSC International Weekend 09 amongst other items.

**DVDBOMB** Double Disc

## Code Name: STAG

This is available as either a single disc or a special double DVD edition with plenty of extras.

Approx. running time  
80 minutes

The DVD charts the Stag, the only Triumph to use its secret code name as the final model name, from the original concept by Michelotti through to the success that it is now.

On the way the troublesome reputation is complemented with footage from the archives featuring former Triumph engineers, historians and enthusiasts along with new footage of some surviving prototypes.

**DVDSTAGSD** Single Disc or **DVDSTAGDD** Double Disc

## Traditional TR

Approx. running time 180 minutes

This new title covers the Chassied TR's from the TR2 to the TR6. This is a double disc DVD with 3 hours playing time

Every model in the TR range is covered up to the last of the line TR6

**DVDTR2/6** Double Disc

## BULLET: Reloaded

Approx. running time 90 minutes

The original 2007 CODE NAME: BULLET DVD continues to be very successful. More was wanted about the cars in America where the cars enjoyed much race success.

Most famous in this area are the Group 44 Inc. racing wedges and so Bob Tullius is on hand to give us the inside story and talks us through the stunning TR8 IMSA GTO cars.

Paul Brand, Group 44 Inc. PR Manager was there just as the TR7 was about to be launched and he talks us through the early days.

**DVDBULLET** Double Disc

# Online Shop

## And How to Use IT!

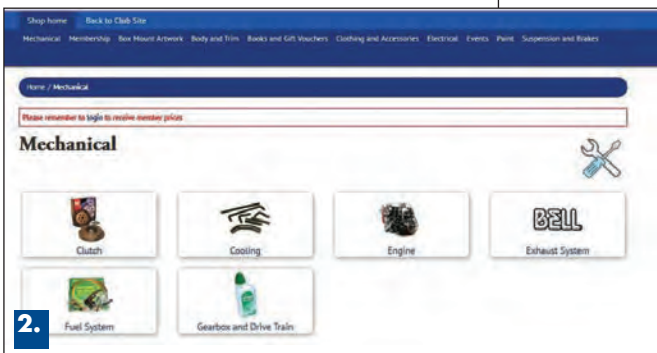

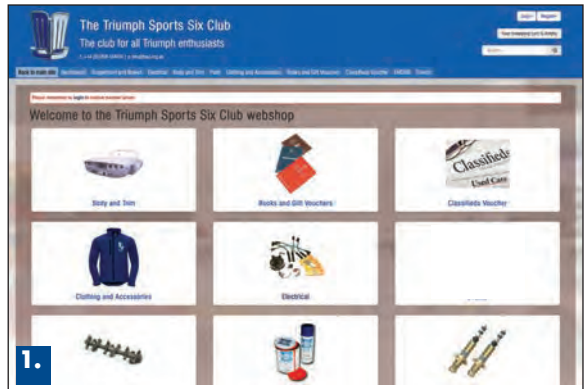

[www.tssc.org.uk](http://www.tssc.org.uk)

**T**he more observant of you will have noticed that recently the club shop has undergone a slight transformation or you could say we have had the decorators in. We have given the club shop what we hope is a fresh clean makeover and are currently working hard to make it an easier more enjoyable online shopping experience to get all those quality parts from The TSSC club shop.

If you look at the main screen when you first open the shop page (See Fig 1) you will see that the eight different sections are shown as icons and are also repeated in the blue menu bar with the addition of tssc events and membership/renewal.

If you click on any of these you will be taken to the next level down, take the mechanical icon for example, this will take you to another page showing you six sub sections in this case (see Fig2), and once again if you click on any of these you will then be taken to a page that

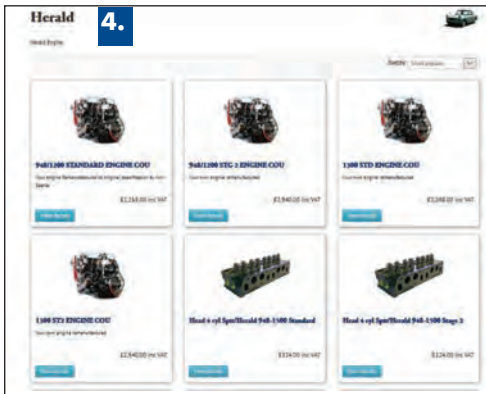

shows all the different model ranges (See Fig3) In many cases there is also a general section as well, in this case it is for oils and filters.

If you choose in this case the Herald icon, you will be taken to a page that lists all the engine related items we sell that are suitable for a Herald

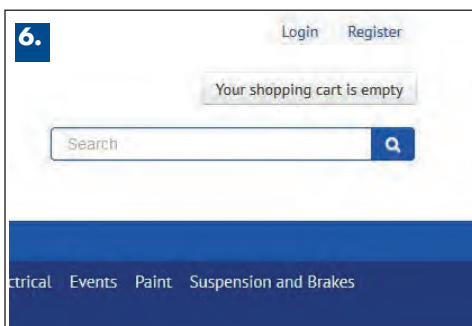

## Using the Online Club Shop

(See Fig 4), you can now choose the item you wish to purchase by clicking on the **“more**

**details”** button (See Fig5), now if you want to purchase that item just click on the **“add to cart”** button

(See Fig 6), you will now notice that the little shopping cart at the top right has 1 item in it and a total against it. You can either choose to carry on shopping by clicking the **“Shop Home”** button, top left on the menu bar or by using your browser's **back button** until you get to where you want to be.

Alternatively, if you want to finish shopping and check out then just click the little shopping cart button, top right and you will be taken to the checkout screen (See Fig 7), again you can con-

tinue shopping or pay for your goods.

You will then be taken to a screen where you need to fill in your details and continue on to the payment page, (see Fig 8) after filling in your name and address details if you have not shopped with us before then you can choose the shipping method before a total is calculated, you will then be taken to the secure payment page, **make sure the page address starts 'https' and there is a locked padlock**, this means your details are secure. Fill in your details of your payment card and then finalise your order.

## Using the Search facility

To use the search facility, just type the item you are looking for in the box (top right) and press return/enter key. The key to a successful search is to **use as BROAD a term as possible**.

So for example: -

**“Vitesse MKII brake shoes”** brings up no results, **HOWEVER** if you type in **“Vitesse brake”** you get **ten results** covering, pads, shoes, brake pipe kits, anti rattle shims, brake master cylinder brackets etc. all suitable for a Vitesse.

**Search the Part Number** as Given in **Current Shop Catalogue** it will give the Fastest Results!!

# SHOP SMART

## Gift Vouchers

Lastly with our Shop EPOS system we can offer Gift Vouchers that are far more flexible in their use than our old ones. Firstly they can be bought in any value what so ever, and the big plus is that we can redeem them over the phone, **(01858 434424) Monday to Thursday 9-5pm.**

All you need to do is quote the long number below the bar code and the value of the voucher is taken off your bill.

And just in case anyone is wondering the code is unique and can only be redeemed the once!

So go on give your Spouse, Son, Daughter or friend a Club Shop Gift Voucher so they can buy lots of goodies for their Triumph.

**Gift Vouchers can only be purchased over the phone Tel. 01858 434424.**

### Help us to Help you

If on delivery of your order there is a problem or damage evident, please call the shop as soon as you can to alert us

of the problem, or send an email if you are not able to call during the week.

Remember to use the shop email [clubshop@tssc.org.uk](mailto:clubshop@tssc.org.uk) rather than the general enquiry email address.

If there is a fault with one of the items and you need to return the item, **PLEASE** send it back with

**a)** a covering letter, and **b)** a copy of the receipt.

Some items we sell are covered by an extended or lifetime warranty, for example the Bell exhausts, however it is up to Bell at their discretion upon examining the faulty item to either repair

**OR** replace, so until we have their decision, we can't automatically supply a new replacement, as if they manage to repair the item we are left with a used exhaust we can't sell.

If you are sending an item back for a refund and you paid with a credit card, we do not keep your card details, so we will need details of the card to refund to.

# HOW TO ORDER

## THE CLUB SHOP ONLINE

The full range of CLUB SHOP products are now on the net! Visit the Club website, and place your order using our interactive order form at: [www.tssc.org.uk](http://www.tssc.org.uk)

### TELEPHONE ORDERS : 01858 434424

Please ring orders on Telephone number above between 10am - 4pm Monday - Thursday.

\* Please have your credit card no., membership no., delivery details and product codes ready when calling.

### EXPRESS DELIVERY

**NEED THOSE PARTS QUICKLY?** We offer a very effective Next day courier service available on most items by request. Please contact Club HQ for a quote, or you can refer to the postage chart at the back of the Catalogue. **Express Orders please Phone by 12 noon.**

**Note : No Saturday Deliveries.**

## Over the Counter at Sunderland Court

Most Club Products listed are normally available over the counter at the Club Shop during normal opening times. Monday to Thursday 9am to 5pm

## E - Mail

With your requirements, questions, overseas customers e-mail for quote and carriage services

**[clubshop@tssc.org.uk](mailto:clubshop@tssc.org.uk)**

**DON'T FORGET** - Should you require any assistance. Please contact The Club Shop on 01858 434424

## Help us to Help you

# UK Postage Rates

Besides each item rather than an amount for P&P you will now find a weight in Kilograms. All you have to do is total the weight for all the items in your order and then refer to the postage rate table to find the shipping cost for your order.

Otherwise it will be sent second class for smaller items or via next day courier for larger orders (typically over 2 kilos).

**Due to Uncertainty over EU Postage & Courier Rates may Change without Notice!**

## Royal Mail rates UK Only weights in Kg

**Small parcel up to 1KG £6.00**

**up to 2KG £8.00**

**Medium parcel up to 1KG £8.0**

**up to 2KG £12.00 up to 5KG £20.00**
