

No internet for 10 days means I have to sit in my local with a pint, and their wife. Sacrifice for the club. Month of shows. Whitstable was a cracker. Hot day but up on the cliffs so nice breeze and many cars. Return not so good, hotter and a standstill on the M2 was not good. Cars were cool but we were not. But spotted some cars on the hard shoulder in the shade so joined, table out and a social for an hour. Then all moving. Next was the Classics and Curry meet. Midweek at the Westerham brewery. 6 of us in total, fed and watered. Hopefully we can get together again in Sep. Sunday lunch also good with 130 cars in total. So to meetings. This month Moody Mare I reckon was the best evening in memory. Jim, Ann, Annie and Pete dining when I arrived so headed for the beer garden. Ken arrives in a glorious TR4 to much attention and was pleased to greet Jarrod as a first time with a stunning TR6. So that's 5 TRs in West Kent now. With a flurry of Stags, GT6's and Spitfires, Petes great Vitesse and of course Anne Hurricane we had a total of 13 members. We made good use of Phil who was running about doing valuations, and we spent the whole evening outside, beer tables and a great show in the car park. Doesn't get any better. Wednesday much quieter affair. Nice contrast really, very much a social. There was concern I was losing interest in this group, nothing further than the truth. But I am a little disappointed in the uptake here, considering the members we have around this area. Must admit the pub isn't ideal, so a move is on the cards, that will help a lot. Suggestions? So dates for Sep. 10th Duxford, Classics and Curry 13th (I think), and Battlesbridge on the 24th. And us on the 26th and 27th. Hope we have a dry good one. Talking of which, back to the beer.
