

TSSC Northamptonshire

Summary – Meeting July 8th 2026

26 enthusiasts present, 16 Triumphs.

It was great to see our new member Tony present, along with guests Gordon and Danny, and Tom and pals. And good to see Gus and Lorraine after a while away.

We met outside the pub, given the fantastic weather, and organised a line up of our Triumphs, many pics were taken, and the best will be used as our social media profile pics.

Moving on to business as usual, Tracey did a fab job of selling raffle tickets, with a bumper selection of prizes for lucky (!) winners to choose from!

Jane & Nigel then ran through the business of the evening: -

- Thanks to Jim for his excellent job at Wellingborough Carnival, helping us out last minute, ferrying the Mayor along the procession route in his Stag!

- Forthcoming key car shows and events:
 - This coming weekend, National Weekend at Gaydon (half a dozen members going), and on Saturday, Chester House show (three members going).
 - Sunday July 19th, Kimbolton Show, we'll meet in the lay-by on the exit from Chelveston (after the bends beyond the Star and Garter pub), 9.30am. Still time to book, and we already have around a dozen members going.
 - Weekend of July 24th, BRDC Classic at Silverstone.
 - Weekend 1st August, Leicester and Rutland area's Sunshine Rally.
 - Sunday August 2nd Rushden Classic Car Show – looks like around six of us booked in.
 - Butch mentioned Marston Trussell show the weekend of August 22nd, looks like Butch is representing us at that one.
 - Nigel asked if anyone was interested in going to Piston and props at Sywell, September 26th & 27th, but most seemed interested/booked already for Cranford on the same weekend.

- Robert gave us a very amusing tale of the 2CV show at Hollowell last weekend!

Thank you to Jim for the very hard quiz!! Peter takes on the quizmaster challenge next month.

Then just a reminder of our business as usual dates – Brunch Club July 29th and August 26th, next area meeting August 12th

Thanks everyone, see you again soon.
